Gwydion will collect the plate from Pant Manus and he and Kevin will arrange to replace this. Also he said that a van has been parked in Pandy Tudur for a long time. It's causing an obstruction as it blocks the corner and could be dangerous. Agreed that CWG should contact the council noting the Community Council's concern.

She also said that a man from Gwytherin wanted to see where he could be buried and asked if there was space in the Church cemetery. CWG to speak with Euros to give him the maps. In addition to this, she said that there is some confusion about what is on the refuse collection sheet compared with the app and decided that CWG should ask AR to verify this.

DR – Said that a white car is speeding through Llangernyw and she had emailed before Christmas to say that a tractor had hit a stone whilst going through the village. Also noted that residents want to know when the footpath will re-open and that the tarmac near Hendre Ddu when turning towards Llanrwst has started to subside. She said that police had been to Glan Collen before Christmas and asked if anyone knew why. There was a 'Small Things' meeting to discuss biodiversity tonight but she had to send her apologies.

AV – Said that Incredible Edible had been to the Cwm today to plant fruit trees and will also plant vegetables there and Bro Cernyw School will be going to help next week.

AV – Said that the community service crew will be painting the toilets and asked for permission for them to paint inside the bus stop across the road from the shop also. Decided that CWG should contact Steve Trow.
